

2ND BIENNIAL ISACM CONFERENCE

ATHENS, GREECE

SEPTEMBER 3-5, 2009

Dear Colleagues:

I am pleased to announce the 2nd biannual conference of the International Society for the Advancement of Clinical Magnetoencephalography (ISACM) scheduled for September 3rd - 5th 2009 in Athens, Greece. The purpose of this conference is to define the field of Clinical Magnetoencephalography and Magnetic Source Imaging, discuss the areas and the mode of their application, and address organizational issues of the recently formed international society (ISACM). You will find the details of the conference, the associated social events, as well as suggestions for enjoying Greece before and after the conference, in this address: www.uth.tmc.edu/clinicalneuro/ISACM/Welcome.htm.

All scientific presentations will be in the form of abstracts displayed during the two conference days. Up to one page abstract should be sent electronically to the chairman of the Scientific Committee, Professor Akis Simos (akis.simos@gmail.com). The members of the Scientific Committee will select the 1st, 2nd, and 3rd best abstracts for awards to be presented at the conclusion of the conference. Notification of abstract acceptance will be emailed to you within two weeks from submission.

Although the committee will accept abstracts submitted up to the end of June, you are encouraged to send in your abstracts early.

I am looking forward to seeing you in Athens.

Andrew C. Papanicolaou
Conference Chairman
